

Seventh Annual Whatcom County Free Sealant Day at Interfaith Dental Clinic

On February 26, 2011, MBDHS coordinated the seventh annual Whatcom County Free Sealant Day. Partnering with us in this community were Interfaith Dental Clinic, Whatcom County Oral Health Coalition, and Mt. Baker District Dental Society. BTC Dental hygiene and Assisting programs, WWU Pre-Dental Club, NW Regional Council, and DSHS were also of great help! Tooth fairies entertained and educated the kids about oral health while they waited their turn for x-rays, exams, sealants, and fluoride treatments and prescriptions. Many parents expressed their gratitude and said it was a very positive experience for their children.

We saw 60 children, diagnosed 103 cavities, placed 128 sealants, and referred kids with cavities to dentists who will provide their treatment at no cost.

Thanks to all the volunteers and donors, and to Dee Simmons, RDH for chairing this event!

Sealant Day
